Other	7%

Q6. A privately funded, independently conducted referendum was recently held on Section 28. This is the clause that currently prevents the promotion of homosexuality in schools. Did you vote in this referendum or not?

Yes - voted	34%
No - did not vote	64%
Don't know	1%

Q7. In the referendum on Section 28, how did you vote? Did you vote to repeal Section 28, or did you vote to retain it?

Voted to repeal Section 28	12%
Voted to retain Section 28	81%
Don't know/refused	6%

Q8. Even though you did not actually cast your vote, do you think that Section 28 should be repealed or retained? Base: all who did not vote (645)

Repealed	38%
Retained	41%
Don't know	21%

Q9. In the independently conducted referendum on Section 28, 87% of those who participated voted to retain Section 28, 13% voted to repeal it. In light of this result do you think the Executive in Scotland is right to proceed with the repeal or wrong to proceed with the repeal of it?

Right	31%
Wrong	54%
Don't know	15%

Q10a. The policy of the Labour Party in Scotland is to repeal Section 28. Will this make you more likely to vote Labour in the next General Election, less likely, or will it make no difference?

More likely	7%
Less likely	22%
No difference	66%
Don't know	5%
Q10b. The policy of the Liberal Democrats in Scotland is also to repeal Section 28. Will this make you more likely to vote Liberal Democrat in the next General Election, less likely, or will it make no difference?	
More likely	5%
Less likely	20%
No difference	70%
Don't know	5%
Q10c. The policy of the SNP in Scotland is to support the repeal of Section 28, but to replace it with statutory guidelines for teachers. Will this make you more likely to vote SNP in the next General Election, less likely, or will it make no difference?	
More likely	15%
Less likely	12%
No difference	67%
Don't know	6%
Q10d. The policy of the Scottish Conservative Party is to oppose the repeal of Section 28 (ie to retain the clause). Will this make you more likely to vote Conservative in the next General Election, less likely, or will it make no difference?	
More likely	13%
Less likely	14%
No difference	68%
Don't know	5%
