Q.3. In order to tackle global warming the government has embarked on a policy where it plans to significantly increase the development of renewable energy such as wind power in this country. Others have expressed concerns at this increase and feel that the development should slow down. From what you have seen or heard, do you support or oppose this government policy to increase the development of renewable energy such as wind power...
Base : All respondents

	Threat posed to the environment by global warming		The development of wind farms in the UK generally		The development of a wind farm in your area		The development of a wind farm out at sea off the coast of Britain
